Dear Mr. Marks:

Attached please find a letter addressed to your attention and signed by Mr. David Cozad, the Director of EPA Region 7's Enforcement and Compliance Assurance Division. The letter provides Denali Water Solutions, LLC (Denali), the opportunity to engage in negotiations on a proposed administrative Order for Compliance on Consent (Order) in order to achieve compliance with the requirements of Section 405(d) of the Clean Water Act (CWA), 33 U.S.C. § 1345(d), and 40 C.F.R. Part 503 (the "Sludge Management Program"). Also attached is EPA's proposed Order which sets forth EPA's proposed findings of Denali's violations of these requirements, as well as actions by Denali required to achieve compliance.

Due to the Covid-19 pandemic, this correspondence is only being transmitted by email.

I have also left messages with Denali's counsel (Mr. Richard S. Davis) regarding this transmittal. If Denali has any questions on this transmittal, you may contact Ms. Angela Acord, Compliance Officer, at acord.angela@epa.gov, or 913-551-7879. Mr. Davis can also contact me as EPA's designated counsel on this matter.

Sincerely,

Howard Bunch
Sr. Assistant Regional Counsel
